Section 3

Some products include an early repayment charge (ERC). Details of the ERCs and the Managed Rate applicable to your new product are included in the Product Guide and will also be provided as part of your mortgage offer.

Your current mortgage may have the option to borrow back any overpayments that you've made. Our new products no longer have this option so if you switch to a new deal you'll no longer have access to this feature. By signing Section 4 of this application form, you're confirming acceptance of this.

Please read carefully as the following information may be applicable to your mortgage:

As part of our commitment to continually improve, and in order to proceed with your application, we will need to make some changes to the way interest is calculated, if your mortgage interest is currently calculated daily.

The key difference between your current terms and the new terms is the way in which interest is calculated, when payments are received (or fees applied). Currently when payments are received (or fees applied), the balance for calculating interest reduces (or increases) by the amount of the payment (or fee) on that day, with an adjustment being made to the interest charged for the rest of the month. From the date of the transfer, we will no longer apply an interest adjustment when we receive a payment (or apply a fee). We will calculate interest for the following month on the new balance.

Your existing Mortgage Conditions will, subject to the above changes, continue to govern your mortgage from the date that we transfer the part or parts of the mortgage that are switching onto a new product. Should you have any concerns about the impact of these changes we suggest you obtain independent legal advice. To proceed with the product switch, all borrowers must consent to these changes.

Where all or part of your mortgage is on an interest only basis, you're only paying off the interest owed and not reducing the amount you borrowed on interest only. It's important you have plans in place to repay the amount you borrowed on interest only at the end of the mortgage term.

Section 4 Declaration

You (each of you if more than one is applying) agree and declare as follows:

1. You must have adequate buildings insurance in place which covers the cost of rebuilding the property.
2. You are not bankrupt or insolvent.
3. For interest only mortgages, you have an adequate repayment plan in place to repay the mortgage at the end of the term.
4. Fixed and tracker rates are limited offers and may be withdrawn at any time.

All borrowers will need to agree to this change, please confirm your (all applicants) consent below:
